

LARS CHRISTENSEN ORTHODONTICS

Spring Newsletter 2019

It's not all about looking fabulous!

It is a common misconception that orthodontic treatment is purely cosmetic but it's a fact that well-aligned teeth are much easier to clean than crooked teeth and a corrected bite puts far less pressure on individual teeth. You also have a much higher chance of retaining your teeth into your twilight years if you are able to maintain good oral hygiene. Not only that, a beautiful smile increases self confidence and puts those around you at ease – so why not schedule an appointment today?

Adult Consultation - £150

Child Consultation - £110

If the thought of having impressions taken is putting you off, there's no need – as we use the latest intra-oral scanning equipment here. You'll see the scanned images of your teeth instantly!

Interest Free Payment Plans

We appreciate orthodontic treatment is a big investment so that's why here at Lars Christensen Orthodontics, after paying an initial deposit payment, we offer Interest Free Standing Order Payment Plans to spread the cost of treatment making it affordable for everyone. This can either be set up as monthly or quarterly payments or payment in full at the commencement of treatment is rewarded with a 5% discount!

Green Team Member

Our most Green Team Member Award must surely go to Gemma, one of our nurses. She slips on her cycling gear in the early hours, dons her cycling helmet and sets off, head down, from the outskirts of Oxford to start her 20-mile round-trip. Having freshened up and exchanged her cycling gear for her crisp new uniform, with her welcoming smile she is full of the joys of Spring and all set to start another day. Well done Gemma – keep it up!

Young Arts Competition

Lars Christensen Orthodontics is delighted to support the Young Arts Competition for Oxfordshire schoolchildren again this year in aid of Cancer Research UK, Kids & Teens. Check out their website for further details:

Dental Hygienist Tips For.... Brace Wearers

Follow these tips and tricks to keep your teeth and gums healthy and in tip-top condition during your orthodontic treatment.

- Brush carefully. Don't let food get trapped in your braces. ...
- Brush in between your brackets. ...
- Don't forget to floss. ...
- Stay on top of your appointments

Please see your Dentist for regular check-ups during your orthodontic treatment. We recommend that most patients wearing fixed braces should see their Hygienist every 3 – 4 months.

Di Stevens our Hygienist here at the practice would be happy to offer further guidance on how best to look after your teeth whilst wearing braces.

Appointments can be scheduled via Lars' Reception Team – 01865 514253

Adult Hygienist Visit - £70
Child (U16) Hygienist Visit - £60
